April 8, 2019

Lancaster County Parks and Recreation has been proudly serving the citizens of Lancaster County for more than 35 years. As passionate professionals, it is our strong belief that the services and programs provided through parks and recreation is a critical component to the high quality of life in our community. Lancaster County is a desirable, safe and fun place to live and work, in large part due to the well-maintained parks and facilities, well organized youth and adult athletic programs, the opportunities to meet new people and socialize through structured programs for all walks of life.

We have exciting news! We have new sponsorship opportunities for the upcoming year to help fund our youth athletic programs county-wide. With the new sponsorship opportunities comes more return on your investment, such as banners, business logo opportunities for team uniforms and more advertising. Our staff at Lancaster County Parks and Recreation are committed to working with you one-on-one in selecting your sponsorship package that will be mutually beneficial to your business or organization. Our athletic programs have grown by 35% over the past several years and are continuing to grow. Many sports have nearly doubled in number of participants, a few topping out at 850 participants each sport season. Each of our sporting venues attracts 900-1200 people during one week of the season, so your business or organization name is seen by many citizens throughout a sporting season.

We’re so grateful for what our sponsors just like you have helped us accomplish over the years. From sponsoring athletic teams to funding new scoreboards and so much more, we’re immensely thankful to our past, present, and future sponsors. Whether your budget allows you to sponsor a single sport or multiple sports, every contribution is meaningful and appreciated. The following pages lists our athletic program sponsorship packages that includes pricing, sponsor benefits as well as commitment and payment deadlines. Please contact our office at your convenience to discuss your sponsorship package for our upcoming 2019-2020 sport seasons.

Best Regards,
