

## Financial Assistance / Scholarship for Youth Sports

Lancaster County encourages everyone to enjoy the variety of athletic programming offered through the Parks & Recreation Department, regardless of their financial hardships. For those with financial hardships, we may be able to adjust program fees based on your level of need.

LCPR staff can meet with you privately, by appointment, to discuss your situation. Documentation of your financial need will be required. Call our main office at 803-285-5545 to schedule an appointment. Appointments must be made, as well as documents completed in its entirety, during the regular registration period.

The financial assistance program will be used to pay youth sports registration fees only for Lancaster County Parks & Recreation. Facility rentals, ASP/SDC daily fees or ASP/SDC field trips do not qualify for fee adjustment. No refunds will be issued after regular season play begins.
